01 Program Overview

This is a hands-on, studio-first training program designed to help architecture, interior design, and visualization teams integrate AI into real-world creative workflows. The program is specifically tailored around Modon Real Estate's workflow structure, project typologies, creative direction, and operational pain points. It combines live demonstrations, hands-on exercises, real project simulations, prompt engineering systems, AI image workflows, and team-based implementation exercises.

KEY OBJECTIVES

- **Compress** concept-to-presentation timelines.
- **Improve** creative output quality.
- **Develop** stronger storytelling capabilities.
- **Increase** workflow efficiency across design and marketing departments.
- **Build** repeatable AI systems for daily studio use.

02 Program Structure

|                      |                                                                                                                                          |
|----------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| ENGAGEMENT           | Two (2) separate masterclasses                                                                                                           |
| DURATION             | 2 Sessions · 15 Hours total per masterclass + 3rd dedicated troubleshooting session scheduled at a later date                            |
| DELIVERY FORMAT      | In-Person at the Modon Real Estate studio                                                                                                |
| TEAM CAPACITY        | Up to 10 Participants per masterclass                                                                                                    |
| SESSION STYLE        | Hands-On · Interactive · On-screen presentation + direct workstation practice                                                            |
| RECOMMENDED AUDIENCE | Architects, Interior Designers, FF&E Teams, Visualization Teams, Design Directors, Creative Leads, Marketing & Concept Development Teams |

## 03 Scope & Modules

A structured five-module curriculum building advanced AI capability from foundations to complex creative execution.

### MODULE 01 AI LANDSCAPE & TOOL ECOSYSTEM

Text tools vs image tools vs video tools · AI workflow mapping · Tool selection frameworks

### MODULE 02 CLAUDE FUNDAMENTALS & PROMPT CRAFT

Context engineering & prompt structures · Claude Projects setup & environments · Feeding AI presentations, PDFs & references

### MODULE 03 AI IMAGE GENERATION WORKFLOWS

Nano Banana + Cinematic workflows · Prompt quality & control systems · MaterialScaping & Moodboard creations · Iterative output refinement

## 03 Scope — Continued

### MODULE 04 THE ART OF STORYTELLING

Narrative-driven image generation · Bespoke precedents & storytelling frameworks · Cinematic short films & atmosphere building · Emotional sequencing & storyboarding · Brand assets & client immersion presentations

### MODULE 05 PRIZE MONEY COMPETITION

Moodboards & FF&E Design challenges · Storytelling & narrative execution · AI-generated consultant briefs

The **Prize Money Competition** is a timed, team-based synthesis of every tool and framework learned across the program, producing real studio-grade deliverables under live conditions to lock in practical retention.

## 04 Inclusions & Outcomes

### WHAT'S INCLUDED

- Custom case studies specific to Modon Real Estate's projects
- Lifetime access to all session recordings
- Free e-prompt books and template kits
- 3 hours of dedicated post-masterclass troubleshooting support
- Data-driven workflow analysis reports

### EXPECTED OUTCOMES

- Successful integration of AI workflows into daily studio operations
- Drastically reduced concept-to-presentation timelines
- Significantly improved design storytelling capabilities
- Consistently higher-quality, more controlled creative outputs
- Repeatable, step-by-step systems established for the team
- Stronger client pitch and presentation confidence

## 05 Commercial Terms

TOTAL INVESTMENT • EXCLUDING VAT

# AED 200,000

All-inclusive studio engagement

### PAYMENT & TERMS

Full payment is required in advance to officially secure the engagement, reserve dates, and begin the Masterclass customization and structuring phase. The customization prep phase runs 2-3 weeks prior to session kickoffs. All services are governed by the standard terms of service of Zkandar L.L.C.

**Discount** — In order to secure the 20% discount, the client must enroll in both masterclasses.

## 06 Onboarding & Next Steps

### 1 Tax Registration & Invoicing

Supply tax registration details to generate the official invoice and initiate internal procurement cycles.

### 2 Logistics Coordination Call

Schedule a brief logistics call to align on calendar dates, presentation setup, and team software/hardware readiness.

### 3 Team Structure Questionnaire

Submit a list detailing team structure, experience levels, and primary creative software currently used.

## 07 Legal Terms

### INTELLECTUAL PROPERTY

Zkandar L.L.C retains full ownership of all prompt books, templates, frameworks, and teaching materials provided during the engagement. AAID retains ownership of all creative outputs, concepts, and deliverables generated by its team during the masterclass.

### CONFIDENTIALITY

Both parties agree to maintain mutual confidentiality regarding proprietary workflows, client assets, project data, and business information disclosed throughout the engagement.

### GOVERNING LAW

This agreement is governed by and construed in accordance with the laws and jurisdiction of Dubai, United Arab Emirates.

## 08 Agreement & Signatures

By signing below, both parties acknowledge and agree to the scope, commercial terms, and legal conditions set out in this Services Agreement.
