01 Program Overview

This is a hands-on, studio-first training program designed to help architecture, interior design, and marketing teams integrate AI into real-world creative workflows. The program is tailored around the client's workflow structure, project typologies, creative direction, and operational pain points — combining live demonstrations, hands-on exercises, real project simulations, prompt engineering systems, AI image workflows, and team-based implementation exercises.

KEY OBJECTIVES

- **Compress** concept-to-presentation timelines.
- **Improve** creative output quality.
- **Develop** stronger storytelling capabilities.
- **Increase** workflow efficiency across departments.
- **Build** repeatable AI systems for daily use.

02 Program Structure

DURATION	2 Sessions · 15 Hours total + 3rd dedicated troubleshooting session (post-masterclass)
DELIVERY FORMAT	In-Person at your studio
TEAM CAPACITY	Up to 20 Participants
SESSION STYLE	Hands-On · Interactive · On-screen presentation
TARGET AUDIENCE	Architects, Interior Designers, FF&E Teams, Visualization Teams, Design Directors, Creative Leads, Marketing & Concept Development Teams

03 Syllabus Scope & Modules

MODULE 01 AI LANDSCAPE & TOOL ECOSYSTEM

- Text tools vs image tools vs video tools
- AI workflow mapping
- Tool selection frameworks

MODULE 02 CLAUDE FUNDAMENTALS & PROMPT CRAFT

- Context engineering & prompt structures
- Claude Projects setup & environments
- Feeding AI presentations, PDFs, references

MODULE 03 ON-SITE DOCUMENTATION

- AI assisted workflow for documentation
- Text + image to template migration

MODULE 04 AI IMAGE GENERATION WORKFLOWS

- Nano Banana + Cinematic workflows
- Prompt quality & control systems
- MaterialScaping & Moodboard creations
- Iterative output refinement

MODULE 05 THE ART OF STORYTELLING

- Narrative-driven image generation
- Bespoke precedents & storytelling frameworks
- Cinematic short films & atmosphere building
- Emotional sequencing & storyboarding
- Brand assets & client immersion presentations

MODULE 06 PRIZE MONEY COMPETITION

- Moodboards & FF&E Design challenges
- Storytelling & narrative execution
- AI-generated consultant briefs

04 Deliverables & Outcomes

WHAT'S INCLUDED

- Custom case studies specific to your projects
- Lifetime access to all session recordings
- Free e-prompt books and template kits
- 60-day AI community support access
- 3 hours of dedicated post-masterclass troubleshooting support
- Data-driven workflow analysis reports

EXPECTED OUTCOMES

- Successful integration of AI workflows into daily studio operations
- Drastically reduced concept-to-presentation timelines
- Significantly improved design storytelling capabilities
- Consistently higher-quality, more controlled creative outputs
- Repeatable, step-by-step systems established for the team
- Stronger client pitch and presentation confidence

05 Commercial Proposal

TOTAL INVESTMENT · ALL-INCLUSIVE STUDIO LICENSE

AED 120,000

Single all-inclusive studio license package

AGREEMENT TERMS

Full payment is required in advance in order to officially secure the engagement, reserve dates, and begin the Masterclass customization and structuring phase. The customization prep phase typically runs 2-3 weeks prior to session kickoffs.

06 Next Steps

1 Tax Registration & Invoicing

We require your tax registration details so we can supply you with the official invoice to initiate internal financial procurement cycles.

2 Logistics Coordination Call

Schedule a brief logistics call to align on calendar dates, presentation setup, and team software/hardware readiness.

3 Team Structure Questionnaire

Submit a simple list detailing the team structure, experience levels, and primary creative tooling software currently used.

07 About Zkandar L.L.C

Zkandar L.L.C is an EdTech enterprise dedicated to AI integration within creative fields. Founded by Khaled Iskandar, Zkandar specializes in design workflow automation, bespoke prompt frameworks, and cinematic visual systems. We have delivered advanced training sessions, talks, and masterclasses for design consultancies globally, including:

Skidmore, Owings & Merrill (SOM) · LW Design Group · Dubai Institute of Design and Innovation (DIDI) & more.
